

Position:	Engineer, Corporate Development
Reports To:	Chief Operating Officer
Apply To:	Human Resources: humanresources@prairiesky.com
Location:	Calgary
Posting Date:	January 3, 2019
Closing Date:	January 17, 2019

Company Profile

PrairieSky Royalty holds the largest independently-owned portfolio of fee simple mineral title and other oil and gas royalty interests in Canada.

PrairieSky Royalty encourages third parties to actively develop its properties, while strategically seeking additional petroleum and natural gas assets that provide it with medium-term to long-term value enhancement potential.

The company is located in Calgary, Alberta, and trades on the TSX under "PSK".

The Position

PrairieSky has an exciting opportunity for a highly motivated engineer to contribute positively to PrairieSky's bottom line. We are looking for someone who has an engineering background, technical expertise and a proven business sense to aid in business development decisions. The ideal candidate would be proficient in using technology and business analytics tools including ValNav, Verdazo, Accumap and GeoScout.

Responsibilities

- Provide technical expertise and assist in budgeting exercises and reserves engineering.
- Support the lead engineer with data compiling and analysis for Asset Book as well as production and activity monitoring and forecasts.
- Participate in planning objectives and complete financial analysis to help facilitate business development decisions.
- Provide leadership and guidance to the more junior Engineer.
- Keep apprised of industry activities to identify opportunities or issues for the Company.
- Other duties as assigned.

Qualifications

- Results-oriented with a proven business sense.
- Excellent attention to detail with solid communication skills.
- Ability to work independently in an environment with tight deadlines.
- Sound judgment in providing accurate and reliable results.
- University degree or equivalent diploma with 7+ years' related finance and/or engineering experience.
- Extensive ValNav and Excel experience is required. Previous experience with Verdazo would be beneficial.
- Previous roles in either A&D or corporate finance advisory would be ideal.
- Demonstrated interest in the capital markets through related work experience, or courses such as Canadian securities, CFA, or MBA is considered a positive.
